# MIXED BUNCHES

Dried flowers are 100% natural dried and processed products from (primary) local Dutch grounds. Since 1982 we developed a unique drying process. This process still guarantees the best possible preservation of natural colours and quality of the dried flowers.

01796.000.0 | Natural white  
Triticum, gerst (hordeum), helichrysum

Length: 55 cm  
Quantity: mixed bunch

01798.000.0 | Natural pink

Length: 55 cm  
Quantity: mixed bunch

01847.000.0 | Natural white  
Avena, acroclinium, statice sinuata

Length: 55 cm  
Quantity: mixed bunch

## PROCESS

1 Dutch dried flowers are sowed in Spring and harvested in Summer when the flowers are at their peak condition

2 Harvesting dried flowers involves traditional techniques that can only be carried out by hand, knife and sickle

3 Following harvest, all flowers are carefully dried in the processing rooms and packed in recyclable boxes
